

SAMANTHA ANGELA JOHANSSON

CREATIVE TECHNOLOGIST · INTERACTION DESIGNER

samantha.angela.j.business@gmail.com | @animavena.studio

Multidisciplinary designer and artist working across interaction, technology and physical space. Trained in Industrial Engineering & Management with a Computer Science specialisation in Interaction & Visualization, with experience in AR research, UX, cultural projects and large-scale event production. Interested in playful experiences at the intersection of art, code and physical space.

SELECTED INTERACTIVE & CREATIVE WORK

Creative Technologist / AR Project Lead

MUNAL - Museo Nacional de Arte

Mexico City, Mexico | Jan 2025 - Jan 2026

Worked on the design and evaluation of an AR prototype exploring 3D reinterpretations of museum artworks. Conducted on-site research into visitor interaction and usability, connecting digital graphics with the physical gallery experience.

Interaction & UX Design Specialist

Breteau Foundation

León, Mexico | Jan - May 2023

Conducted field research in interaction design and developed a digital EdTech framework for primary education in rural contexts, with emphasis on visual communication and accessibility.

Independent Studio Practice

Painting & visual practice

Kołobrzeg, Poland | Apr 2026 - Present

Developing a surreal painting practice exploring cosmic and nature-inspired imagery, organic forms and visual storytelling through acrylic on canvas.

PRODUCTION & LEADERSHIP

Experience Producer / Project Manager

Jubilee & Festival Committees

Stockholm, Sweden | Jan 2021 - Jun 2023

Helped plan and produce large-scale cultural events in Stockholm, coordinating stakeholders, logistics, spatial layouts and audience flows across multi-venue experiences.

President & Vice President

iStart

Stockholm, Sweden | 2021 - 2023

Led a student entrepreneurship society connecting aspiring founders with Stockholm's startup ecosystem through events, partnerships and community programming.

EDUCATION

M.Sc. Industrial Engineering & Management

KTH Royal Institute of Technology

Sweden | 2020 - 2025

Specialisation in Computer Science, with a track in Interaction & Visualization.

International Exchange - Computer Science, Interaction & Visualization

Universitat Politècnica de València

Valencia, Spain | 2024

Coursework focused on computer science, interaction and visualization.

International Exchange - Computer Science, Interaction & Visualization

UCA Pontificia Universidad Católica Argentina

Buenos Aires, Argentina | 2023

Coursework focused on computer science, interaction and visualization.
